Thanks to all of you for finalizing this document. I found this document very useful to read the final version (as it had been a while since I looked at this document);

**Subject:** Final Legal Response to Technical Team's Questions

Jayne: Attached is the final legal response to the technical team's initial questions. Steve and JB have both reviewed and commented on this, and this draft reflects those comments. Please let me know if you have any questions. Otherwise, I believe this is ready to circulate to the broader team.

Thank you.

Best,  
Jeff
